• Features

Epson Official Supplied Printheads

Latest Epson Industrial Printhead i3200U & i1600U Equipped. Focus on super fast speed printing.

Water Cooling UV-LED Lamp

It is one of the world's top UV-LED, long lifespan, low heat, and instant on-off

Variable Dot Print Technology

Permitting the printer to provide smooth gradations, exceptional solid colors and optimum image quality in all print modes

Anti-Collision Function

Anti-collision system is equipped to protect the printhead and carriage all the time

Advanced Media Handling

With SinoColor advanced movement control system, each pass is uniform allowing for more sellable output in less time

- ★ High-density UV curable ink produces rich, vibrant colors on coated or uncoated media.
- ★ Durable, scratch-resistant and virtually odorless, Up to three years outdoor durability without lamination.
- ★ Branded parts are used for high attrition area. Greatly increased the lifetime and stability of the machine. For example, Hiwin guide rail, German Iigus drag chain, Italian Megadyne belt.
